# TISSUE SAMPLING AND RESECTION: CURRENT PRACTICE AND FUTURE PERSPECTIVES

OCTOBER 5, 2023 BOLOGNA

Proper endoscopic tissue sampling and resection is critical for diagnosis, treatment and surveillance in gastrointestinal disease. During the last few years a great variety of techniques and devices for endoscopic sampling and resection have been developed in order to provide more definitive and accurate diagnosis and treatment. Correct and comprehensive lesion characterization by the endoscopist is crucial for selecting the most appropriate endoscopic device and resection technique. This choice, in turn, considerably affects the subsequent histopathologic analysis, the final diagnosis, and ultimately the required surveillance. This meeting has the purpose to discuss the state of the art and future perspectives of tissue sampling and endoscopic resection in gastrointestinal endoscopy, focusing on potential applications of the most recently developed devices and techniques.

## SCIENTIFIC BOARD

### **Andrea Anderloni**

Director of Gastroenterology and Digestive Endoscopy Unit,  
Policlinico S. Matteo, Pavia

### **Carlo Fabbri**

Director of Gastroenterology and Digestive Endoscopy Unit,  
Ospedale Morgagni Pierantoni, Forlì - Ospedale Bufalini, Cesena

### **Mauro Manno**

Director of Gastroenterology and Digestive Endoscopy Unit,  
ASL Modena

## SCIENTIFIC SECRETARIAT

### **Giulia Gibiino**

Gastroenterology and Digestive Endoscopy Unit  
Ospedale Morgagni Pierantoni, Forlì - Ospedale Bufalini, Cesena

### **Paola Soriani**

Gastroenterology and Digestive Endoscopy Unit  
ASL Modena

## PROGRAMME

### 14:30 **Welcome coffee and Opening Remarks**

Andrea Anderloni Pavia  
Carlo Fabbri Forlì-Cesena  
Mauro Manno Carpi

#### I SESSION

### **CURRENT PRACTICE**

Moderators:

Cecilia Binda Forlì-Cesena  
Aurelio Mauro Pavia  
Paola Soriani Carpi

### 15:00 **How to improve adenoma detection rate**

Laura Rovedatti Pavia

### 15:20 **Hot and cold polypectomy: open issues**

Noemi Gualandi Carpi

### 15:40 **Diminutive polyps and beyond**

Giulia Gibiino Forlì-Cesena

### 16:00 **Video session**

Giuliano Francesco Bonura Carpi  
Monica Sbrancia Forlì-Cesena  
Davide Scalvini Pavia

### 16:15 **Discussion**

Simona Agazzi Pavia  
Paolo Biancheri Carpi  
Matteo Secco Forlì-Cesena

#### II SESSION

### **FUTURE PERSPECTIVES**

Moderators:

Cecilia Binda Forlì-Cesena  
Aurelio Mauro Pavia  
Paola Soriani Carpi

### 16:30 **The pathologist's perspective**

Adele Fornelli Bologna

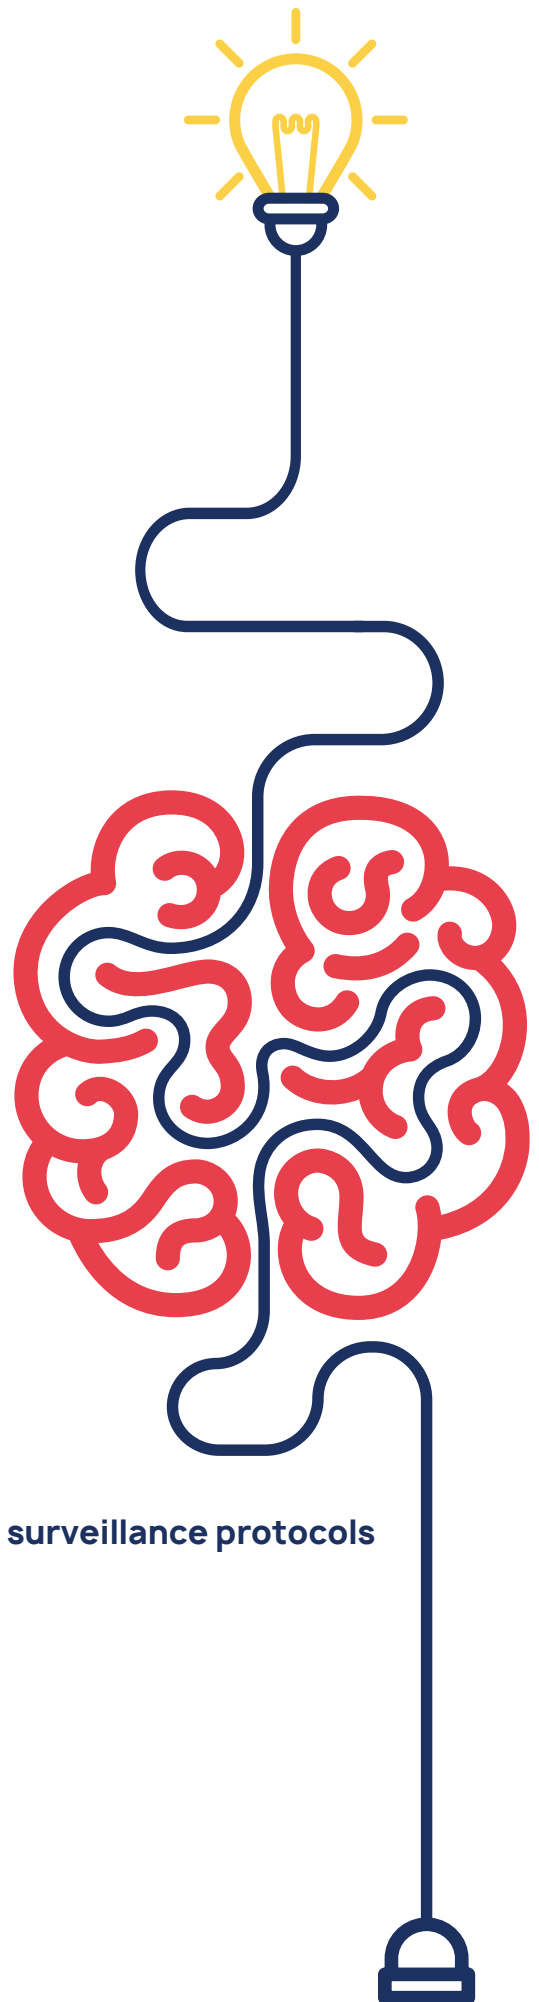

### 16:50 **Cost-effectiveness of polyp retrieval and surveillance protocols**

Leonardo Frazzoni Forlì-Cesena

### 17:10 **Round Table and brainstorming**

Andrea Anderloni Pavia  
Carlo Fabbri Forlì-Cesena  
Mauro Manno Carpi

### 18:00 **Closing remarks**

## GENERAL INFORMATION

### Venue

**I Portici Hotel** Via dell'Indipendenza 69 - 40121 Bologna

### CME Accreditation

The CME credits have been requested for

**Physicians: Gastroenterology, Internal Medicine, General Surgery**

### CME Credit: 3,3

**Training objective: Technical-professional contents (knowledge and expertise) specific for each profession, specialisation and ultra-speciality activity.**

### Registration

For registration please contact the **Organizing Secretariat ADB Eventi&Congressi**.
